Bid Award #17-11: North East High School Girls' Locker Room Upgrade Project

This project is to improve the facilities at the North East High School. This scope of work will provide new lockers and plumbing fixtures in the existing girls' locker room.

On June 1, 2017, one (1) competitive sealed bid was opened. The responsive/responsible bidder conforming to CCPS specifications was submitted by Bathon Builders of Elkton, MD. The bid price submitted was above the anticipated budget amount. Therefore, at this time Studio JAED, Bathon Builders, and the Capital Outlay Department are value engineering the project to meet CCPS requirements to reduce the total bid award amount.

The majority of funding for this purchase is through the FY17 Small Capital fund. Additional funding from another local FY17 fund is planned to fulfill the budgetary needs to move forward with this time sensitive project.
