SUPERINTENDENT’S STATEMENT

October 16, 2017

"Participation in the ESMEC Energy Trust is another example of how school systems are collaborating in an effort to be responsible stewards of public funds. From the program's total savings, CCPS represents a cost savings of \$264,795 just in FY17 and a total of \$3,098,773 since the program's inception in 2001. This partnership has proven to be successful for our county and for the Eastern Shore as a whole."
