# Cosmetology

## Career & Technology Education

The Cosmetology program is only offered at the Cecil County School of Technology (CCST). Students from the five county high schools have the opportunity to begin the program at the beginning of their junior year by a designated application process. They will complete the program during the fall semester of their senior year.

***This course is a three-semester program which requires 1500 hours of instruction; 1000 of which must be earned by the end of the junior year. All students are required to participate in a minimum of a 100 hour work-based learning experience during the summer.***

Students are encouraged to develop positive work attitudes while building individual skills for success.

Transportation is provided from the home school to and from CCST. Program fees include the cost of trade appropriate clothing, tools, and license/certification tests.

Expect Success at CCST

## Cosmetology

Students develop and practice basic skills in hair, skin, and nail care, develop a broad understanding of the variety of career options available to a licensed cosmetologist, and learn how science and math are fundamental aspects of the practice of cosmetology. This course also provides the opportunity to further refine and apply skills that support all aspects of the cosmetology industry and assists in preparing students to obtain employment in the field of cosmetology. Classroom and practical training emphasize academic, technical, and workplace skills through clinical application.

*PRE: Algebra I*

*REC: Foundations of Art*

*Fees are approximately \$240 for uniform and materials.*

*Students who successfully complete Cosmetology II will also be awarded 1 science credit*
