## *Homeland Security and Emergency Preparedness— Criminal Justice/Law Enforcement*

Expect Success at CCST

410-392-8879

## *Homeland Security— Criminal Justice/ Law Enforcement*

This program integrates government, academia, and private sector training/educational initiatives to help students understand how the United States and its interests worldwide are protected against threats to public safety, both natural and manmade, through effective communication, preparedness, detection, prevention, response, and recovery. Our program will focus on Criminal Justice/Law Enforcement. The topics covered will align to the six mission areas of the United States Department of Homeland Security: Intelligence & Warning; Protection of Critical Infrastructure and Key Assets; Border & Transportation Security; Domestic Counterterrorism; Defense against Catastrophic Threats; and Emergency Preparedness & Response.

## **Courses Covered in this program**

***Foundations of Homeland Security and Emergency Preparedness*** introduces students to Homeland Security & Emergency Preparedness guidelines, concepts, and action plans. Emphasis will be placed on unique aspects of public safety and public health. The course will explore the various methodologies for intelligence gathering and dissemination, and will introduce students to various local, state, and federal assets.

### ***Administration of Justice I & II***

will introduce students to the multiple aspects of criminal justice and law enforcement. Students will explore the criminal process, various forces that impact law enforcement, and the rights of citizens. Students will be introduced to evidence collection, analysis, and forensic examination. Understanding the difference between juvenile and adult justice and the classifications of different crimes are investigated. Students will gain a general understanding of the various law enforcement careers at the federal, state, and local levels. Specific duties of first responders

and duties of police officers will be discussed.

***Internship/Capstone Experience*** is designed to provide students with the opportunity to extend and apply their classroom learning. Students will have the option of completing an industry-mentored project, internship, or enrolling in a post-secondary course. Students will play an integral part in determining which type of experience will be most beneficial and supportive of their individual goals. At the end of the course, students will compile a working portfolio which documents their academic and technical skill attainment and present it for critique.
