

Infants and Toddlers Program Procedures

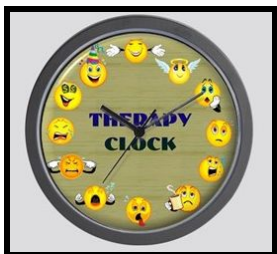

Cecil County Public Schools

Quick Tips for Parents

Cecil County Infants and Toddlers Program's mission is to support, empower, and coach families, by using a family centered approach, based on each family's individual needs.

Participation

We are a family centered program and seek your active participation during sessions. Your appointment times will most often be confirmed through phone calls. Please inform us of any cancellations as soon as you are aware.

Appointments

Please keep in mind that occasionally, Early Interventionist may be delayed due to weather, traffic etc.

Illness

We work with many children throughout the week, many of whom are medically fragile. We ask that if your child is showing any signs of illness (vomiting, diarrhea, fever etc) please cancel your appointment, so we are careful not to spread illness. We ask that children be fever free for 24 hours, before services may resume.

Inclement Weather

The Infants & Toddlers Program follows the Cecil County Public Schools closure procedures. If Cecil County Public Schools are closed then no services will be provided for Infants and Toddlers on that day. If there is a two hour delay, appointments will start at 10:15 a.m.. Please call the Early Interventionist if your road is inaccessible, and be sure to clear a safe path from the car to your front door.
