

Cecil County SECAC

Special Education Citizens Advisory Committee

If you have a child with a learning disability or other special needs, this is the place you want to be!

What is SECAC?

SECAC is a committee established by CCPS to seek meaningful input from parents, community partners, service providers, educators, and administrators on local issues relative to the provision of a free appropriate public education (FAPE) and the achievement of students with disabilities.

What do we do?

SECAC meets monthly and is open to ALL! We will typically have various speakers on different special education topics to help parents learn more about the special education process and to learn about ways to help our children have a more successful and meaningful learning experience.

What can you do to help?

Parent involvement is a key factor in achieving a successful education for our children with special abilities. Join us at our monthly SECAC meetings for candid discussions around Special Education by parents, administrators, community leaders and organizations, as well as informational presentations and networking.

Meeting Dates:

SECAC meetings are held on the 2nd Tuesday of every month from 6:30-8:00 PM, during the school year (except holidays). You can find out more about SECAC meeting information by visiting our website at: www.cecilsecac.com

Meetings to be held at:

CCPS School of Technology - 912 Appleton Road, Elkton, MD 21921
