The Cecil County Public Schools offers a program of Home and Hospital Teaching for Cecil County public school students who are unable to participate in their school of enrollment due to a physical or emotional condition. According to COMAR, the Home and Hospital Program is a temporary support service, and not an alternative placement. The need for such services due to a physical condition shall only be submitted by a licensed medical professional or certified nurse practitioner. The need for such services due to an emotional condition shall only be submitted by a licensed psychiatrist, licensed psychologist, certified school psychologist.

The student’s illness must be determined to necessitate an absence of at least ten (10) consecutive school days with an expected absence of fifteen (15) or more days in order to be eligible for services or have a chronic health problem which causes absences from school in excess of 20 percent of the time to make this program feasible. Students may receive up to six (6) hours of instruction per week, unless otherwise indicated. Sixty (60) calendar days is the limitation for services.

Please Note: Home and Hospital Teaching for a student with an emotional condition may not exceed sixty (60) consecutive school days. Sixty (60) consecutive school days is the limitation for students in Special Education.

The process for applying to access Home and Hospital Teaching Services is as follows:

1. The student’s parent/guardian must complete SECTION A: Parent/Guardian, of the Home and Hospital Teaching Program Referral form (see attachment), and then forward this form to the medical professional, who must complete SECTION B: Medical Professional. The completion of this form authorizes Cecil County Public Schools staff to communicate with your medical professional. Please note that failure to sign this release of information may result in denial of Home and Hospital Teaching Services.

2. If the student’s diagnosed illness is emotional or behavioral in nature, a treatment plan must also be submitted (see Medical Professional’s Recommendation form).

3. If the request for home teaching services is due to pregnancy, services are provided for six (6) weeks post delivery.

4. Return the completed form to the School Principal. Upon receipt of the form, Cecil County Public Schools staff will determine if Home and Hospital Teaching is appropriate. If the service is determined to be appropriate, the request may be approved.

5. Upon approval, a homebound teacher(s) may be assigned to the case.

6. The home and hospital teacher will contact the parents to begin instruction to the student.

7. Please remember that the maximum amount of time that a student can be assigned to Home and Hospital Teaching is 60 calendar days. If the student is not able to return to school by that time, a review and re-verification process will determine if services will continue, be modified or ended. In addition, Cecil County Public Schools requires that a responsible adult (21 years of age or older) must be present throughout the duration of the time the home teacher is teaching with the student. Also, parents should be prepared to make arrangements to provide adult supervision if Home and Hospital Teaching is approved for direct teacher home teaching.

Home and Hospital Teaching Program Referral - 2020-2021

SECTION A - PARENT/GUARDIAN

Student Name:______________________________

School:____________________________________ Grade:____________________

Date of Birth:____________________ Age:________ Gender: Male/Female

Home Address:____________________________________________________________________

Telephones: Home:________________________________ Work:____________________

Currently, my child is already receiving Home and Hospital Teaching Services: ( ) Yes or ( ) No

( ) Regular Education *( ) Special Education *( ) 504 Plan

*Please attach a copy of the student’s current school schedule and/or IEP or 504 Plan, if applicable.

NOTICE OF REQUEST:

Home and Hospital Teaching for health impaired or a pregnant student consists of minimum of 6 hours weekly or a minimum of three hours for a partial or half-day school program. I request the services for the above named student.

I understand that a parent/guardian of this student or another designated responsible adult must be present in the home during the hours that direct home teaching services are scheduled.

The adult who will be present is: ____________________________________________

Address: ______________________________________________________________________

_____________________________________________________________________________

City State Zip

Relationship to student:____________________________ Telephone: _________________

The above information is correct to the best of my knowledge. I understand that should the above named adult be unable to be present during any scheduled instruction time, I am to contact the Home Teacher and/or the Office of Home and Hospital Education & Home Instruction immediately.

I am applying for Home and Hospital Teaching for my child. I grant permission for the Cecil County Public Schools Student Services staff to contact and confer with the referring and treating Medical Professional(s) to exchange information about my child. This release is valid for one year from the dated signed. Failure to sign this release of information may result in denial of Home and Hospital Teaching Services.
